PUBLIC NOTICE
To ensure a safe drinking water supply, Lake City Utilities will be doing the annual chlorination to the water system on **May 11, 2023** and it should clear by May 19, 2023. The addition of chlorine to disinfect water can react with iron and/or manganese, creating a black or reddish discoloration, but does not cause a health concern. Citizens can let the water run a few minutes to flush faucets of discolored water before using for cooking or laundry. Use of chlorine can cause problems in fish tanks and commercial operations such as bait shops. It is recommended that these uses find an alternate source of water during this period or use commercially available chemicals that neutralize chlorine. Presence of chlorine will remain a few days following the treatment period. Questions can be referred to Water Department at 651-764-3255 or Public Works at 651-345-4711.

Their mission is to help individuals impacted by the limiting effects of aging to have an optimal quality of life. Elder Network supports seniors with visiting volunteers, respite care, companion care (which means any light duty housekeeping, meal prep, errands, grocery shopping, etc.) that can make it possible to keep their independence. Note: We do not do any personal cares or medical services. We offer caregiver support and workshops, as well as other workshops for relevant senior topics. If you enjoy working with seniors and could donate a few hours a week, we'd love to talk to you. Give us a call or email us 651-564-0351 bonnies@elder-network.org.
