NOTICE: THE FLORENCE TOWN BOARD'S monthly meeting will be held at 6 p.m. Monday, September 16, 2024, at the Florence Town Hall in Frontenac Station. Pamela Miller, town clerk. 30-18c

NOTICE TO ALL LAKE TOWNSHIP RESIDENTS: The September monthly meeting of the Lake Township Board will be changed from September 17, 2024 to September 24, 2024 and will start at 8:00 p.m. The regularly scheduled meetings will return to the third Tuesday of every month in October, 2024 unless otherwise advertised. Doris Ryan, Clerk. 29-31-17-19c

NOTICE TO FLORENCE TOWNSHIP RESIDENTS: Many of you have asked us about the recent closure of the township's compost/brush site at the south end of Van Blaricum Avenue in Old Frontenac. The site, which quickly fills up, has been closed because of lack of space, unauthorized burning and the rogue deposit of large, problematic materials. The Town Board is researching solutions, and will update the township website (florenctwp.org) if and when the site reopens. (As a side note, the Lake City and Red Wing compost sites have told us that they cannot take Florence Township brush and compost at this time.) Thank you for your patience on this matter. — Pamela Miller, town clerk. 16-18-29-31c

**Sign up now for your
AIR DUCT CLEANING**

We use all new state-of-the-art
duct cleaning equipment!

Important Facts About Indoor Air Quality

- Most people spend 60-90% of their time indoors.
- The levels of some hazardous pollutants in indoor air has been found to be up to 70 times greater than in outdoor air.
- Studies have shown that two out of three indoor air quality problems involve the HVAC/Air Duct System
- One out of six people who suffer from allergies do so because of the direct relationship to fungi and bacteria in air duct systems.

**Have you cleaned
your dryer
vent lately?**

Professional dryer vent
cleaning will significantly
reduce the fire hazard caused
by lint accumulation and will reduce the drying time
of each load, saving you money on your utility bill.

It's time to clean your dryer vent if:

- Drying clothes takes longer and longer
- Clothing is hot or damp at the end of the cycle
- Your outside vent hood flap doesn't open properly
- The outside of your dryer becomes very hot
- You notice a burning smell when drying clothes
- It's been more than a year since your last inspection
