WATER FREEZING PREVENTION HELP Public Service Notice

Due to extreme weather conditions and little ground
cover, the frost table will be pushed deeper, increas-
ing the chance of frozen water service lines.

Lake City Public Works is asking all residents to
monitor the temperatures of their water. If it drops
below 40 degrees Fahrenheit, run a pencil diam-
eter flow continuously. The temperature should be
checked on occasion to monitor when it is above 40
degrees and the continuous flow can be stopped.

Financial consideration will be given related to
increased water and sewer usages for those house-
holds running water continuously, with using either
an average monthly bill or the same billing period last
year for the current billing.

Residents running water continuously are request-
ed to contact the City at 345-5383 or Rhonda at 345-
6810 rharkins@ci.lake-city.mn.us or Chris at 345-
6801 cstelzer@ci.lake-city.mn.us with the following
information:

- Name
- Phone number
- Email address
- Address of subject property
- Utility account number
