How Low Can Your Heat Costs Go?
Outdoor Wood Furnaces

Heat your space for far less money than fuel oil, propane, natural gas and even off-peak electric rates. Owners who have scrap wood sources or cut their own basically eliminate their "fuel costs".

WoodMaster's four outdoor wood furnace models generate economical, natural, safe heat.

Can heat multiple buildings, hot water systems, in-floor hydronic heating systems and more.

In the U.S. this appliance is for non-residential applications only.

CITY OF LAKE CITY
Winter Snow Reminders

Sidewalks
 Please remember to keep your sidewalk safe for pedestrians during the winter season by keeping them free from snow and ice accumulations. Sidewalks not cleared 48 hours after the cessation of a snow event can be found to be in violation of City Code. The City has the authority to order sidewalks not cleared to be shoveled, and the cost of clearing and de-icing will be billed to the property owner.

Fire Hydrants
 Property owners and occupants are encouraged to "adopt" any fire hydrant located near their property by clearing snow around it in order to ensure that the Fire Department is able to access it.

Streets
 Lake City's Winter Parking Restrictions are effective when continuous or intermittent snow, ice, or similar precipitation has accumulated to a depth of four (4) inches or more. Street parking restrictions apply until all the snow and ice have been removed. After a street is fully plowed, vehicles are allowed to park back on the street. "Fully plowed" means the street is completely cleared and plowed to the full width of the street.
