### Community support is key to food shelf success

The Lake City Food Shelf has served the greater Lake City Community since the early 1980s without having a paid staff or large corporate donors for support. Instead, the success of the Lake City Food Shelf can be attributed to many donors, giving varying amounts, and thousands of hours donated by many volunteers.

In 2018, the Lake City Food Shelf provided assistance to between 103 and 143 households, providing 107,329 pounds of food to clients within the Lake City school district. Some need and receive assistance each month. Others need assistance for a short time. All are welcomed with warm and loving hearts of the food shelf volunteers.

Local churches, organizations and businesses provide most of the food and financial contributions. Cash contributions allow the food shelf to purchase between \$3 and \$4 worth of food through the Channel One Food Network for each dollar.

The largest single initiative each year is Five for Food, which challenges the community to match the \$10,000 pledged by sponsors. Donations of \$5 to \$10 are matched, however, contributions up to \$1,000 have been received. Over the last four years, Five for Food has provided over \$81,000 in contributions, which has purchased over \$250,000 in food. Five for Food runs until March 31. A donation slip is below.

For more information about the Lake City Food Shelf, feel free to contact them by telephone (651-345-5888), by email at [lakecityfoodshelf@gmail.com](mailto:lakecityfoodshelf@gmail.com), or by stopping into the food shelf, located at 600 S. 6th St. Information is also available at their website, [www.lakecityfoodshelf.org](http://www.lakecityfoodshelf.org).

ADVANCED HEARING AID TECHNOLOGY

For Less Than \$200

"I was amazed! Sounds I hadn't heard in years came back to me!"

— Don W., Sherman, TX

How can a hearing aid that costs less than \$200 be every bit as good as one that sells for \$2,250 or more?

The answer: Although tremendous strides have been made in Advanced Hearing Aid Technology, those cost reductions have not been passed on to you. Until now...

MDHearingAid® uses the same kind of Advanced Hearing Aid Technology incorporated into hearing aids that cost thousands more at a small fraction of the price.

Over 300,000 satisfied MDHearingAid customers agree: High-quality, FDA-registered hearing aids don't have to cost a fortune. The fact is, you don't need to spend thousands for a hearing aid. MDHearingAid is a medical-grade hearing aid offering sophistication and high performance, and works right out of the box with no time-consuming "adjustment" appointments. You can contact a licensed hearing specialist conveniently online or by phone — even after your purchase at no cost. No other company provides such extensive support. Now that you know... why pay more?

Can a Hearing Aid Delay or Prevent Alzheimer's and Dementia?

A study by the National Institute on Aging suggests older individuals with hearing loss are significantly more likely to develop Alzheimer's and dementia over time than those who retain their hearing. They suggest that an intervention — such as a hearing aid — could delay or prevent this by improving hearing!

TAKE ADVANTAGE OF OUR 45-DAY RISK-FREE TRIAL!

Hearing is believing and we invite you to try this nearly invisible hearing aid with no annoying whistling or background noise for yourself. If you are not completely satisfied with your MDHearingAid, return it within 45 days for a FULL REFUND.
