ADVANCED HEARING AID TECHNOLOGY For Less Than \$200

"I was amazed! Sounds I hadn't heard in years came back to me!"
— Don W., Sherman, TX

How can a hearing aid that costs less than \$200 be every bit as good as one that sells for \$2,250 or more?

The answer: Although tremendous strides have been made in Advanced Hearing Aid Technology, those cost reductions have not been passed on to you. Until now...

MDHearingAid uses the same kind of Advanced Hearing Aid Technology incorporated into hearing aids that cost thousands more at a small fraction of the price.

Over 300,000 satisfied MDHearingAid customers agree: High-quality, FDA-registered hearing aids don't have to cost a fortune. The fact is, you don't need to spend thousands for a hearing aid. MDHearingAid is a medical-grade hearing aid offering sophistication and high performance, and works right out of the box with no time-consuming "adjustment" appointments. You can contact a licensed hearing specialist conveniently online or by phone — even after your purchase at no cost. No other company provides such extensive support. Now that you know... why pay more?

Can a Hearing Aid Delay or Prevent Alzheimer's and Dementia?

A study by the National Institute on Aging suggests older individuals with hearing loss are significantly more likely to develop Alzheimer's and dementia over time than those who retain their hearing. They suggest that an intervention — such as a hearing aid — could delay or prevent this by improving hearing!

TAKE ADVANTAGE OF OUR 45-DAY RISK-FREE TRIAL!
Hearing is believing and we invite you to try this nearly invisible hearing aid with no annoying whistling or background noise for yourself. If you are not completely satisfied with your MDHearingAid, return it within 45 days for a FULL REFUND.

For the Lowest Price Call 866-667-6620

Funerals have changed...

and so have some funeral homes. Instead of the elaborate and somber services of the past, these days people are telling us over and over that they want "something" that reflects their personality, their lives and their values.

The trouble is that most of us don't know what that "something" might be and aren't sure where to turn. Funeral homes have traditionally been slow to change and lacking in creativity... but not at Mahn Family Funeral Home, Anderson-Peterson Chapel. If we've assisted you in the past, you know this to be true. If you've never used our services, we sincerely welcome the opportunity to share 90 minutes of your day with you.

GUEST SPEAKER:

Pat Zalusky, who has played a part in planning over 30,000 funerals, will share ideas, thoughts and suggestions for creating the personalized memorial, celebration, tribute or service you desire. Concise, funny (at times) and informative, this is a program you won't want to miss.

During the program, we will discuss several ways you can:

- Go "green" and lessen the environmental impact
- Make it *meaningful* without having it become *elaborate*
- Do something unique that leaves an impression
- Replace emotional reaction with rational thought
- Communicate your wishes to your family and ensure they will be followed
- Select caskets, urns and vaults (if needed) in a well-informed manner
- Remove emotional and financial burdens from your next of kin
- Protect your funeral money and other assets from nursing home expenses, creditors and other dangers

Everyone who attends will receive a FREE folder of take-home information.

Thank you for any consideration you give to attending this program, and we look forward to seeing you on April 11.
